INDEPENDENT AUDITORS' REPORT

To the Board of County Commissioners
Conejos County, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Conejos County, Colorado (the County), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Conejos County, Colorado as of December 31, 2020, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining fund financial schedules and the Local Highway Finance Report are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining fund financial schedules, the schedule of expenditures of federal awards, and the Local Highway Finance Report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial schedules, the schedule of expenditures of federal awards, and the Local Highway Finance Report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 9, 2021, on our consideration of the County's internal control over financial reporting and on our tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2020

Net change in fund balances - total governmental funds \$ (969,736)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Fixed asset additions	\$ 874,875	
Depreciation expense	(642,897)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Activity of debt is as follows:

Capital lease proceeds	-	
Capital lease payments	80,811

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

CONEJOS COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the County reflected in the accompanying financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments are those promulgated by the Governmental Accounting Standards Board (GASB) in *Governmental Accounting and Financial Reporting Standards*.

REPORTING ENTITY

Primary Government

The County is a political subdivision organized under the statutes of the State of Colorado. The County is governed by a three-member Board of County Commissioners (the Board). Each commissioner is elected at-large by the voters of the County to represent one of the three separate districts and must reside in the district for which he or she is elected. There are also seven other elected officials - assessor, clerk and recorder, coroner, sheriff, district attorney, surveyor, and treasurer. The treasurer is also the County Public Trustee.

The County provides a wide range of services to its residents including general administration, public safety, highways and streets, parks and recreation, health and social services, public improvements, planning, zoning, sanitation, and the office of the public trustee.

Component Units

The County's combined financial statements include the accounts of all County operations. The criteria for including organizations as component units within the County's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- The organization is legally separate (can sue and be sued in their own name)
- The County holds the corporate powers of the organization
- The County appoints a voting majority of the organization's board
- The County is able to impose its will on the organization
- The organization has the potential to impose a financial benefit/burden on the County
- There is fiscal dependency by the organization on the County
- The organization is financially accountable to the County
- The organization receives or holds funds that are for the benefit of the County; and the County has access to a majority of the funds held; and the funds that are accessible are also significant to the County.

Based on the aforementioned criteria, Conejos County has no component units.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements include the Statement of Net Position and the Statement of Activities. Government-wide statements report information on all of the activities of the County and its component units, except for County fiduciary activity. The effect of interfund transfers has been removed from the government-wide statements but continues to be reflected on the fund statements. Mainly taxes and intergovernmental revenues support governmental activities.

CONEJOS COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

The statement of activities reflects the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Program revenues include:

- Charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and
- Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements.

Major individual governmental funds are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants are recognized as revenue when all applicable eligibility requirements imposed by the provider are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The County considers grant revenues to be available if they are collected within 120 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The County reports the following major governmental funds:

- The **General Fund** is the general operating fund of the County. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The **Road and Bridge Fund** is used to account for the maintenance and improvements of streets and highways. The sources of funds include property taxes, highway users fees, and other revenue sources.
- The **Social Services Fund** is used to account for the operations of social programs; i.e. Temporary Aid to Needy Families, Old Age Pension, Aid to the Blind, Aid to the Needy and Disabled, among others. Financing is provided by grants, allotments, and property tax revenue.

Fiduciary fund financial statements consist of the Agency Fund established to record transactions relating to assets held by the County in a trustee capacity or as an agent for individuals, governmental entities, and non-public organizations. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances have been eliminated in the Statement of Net Position. All interfund transfers have been eliminated in the Statement of Activities.

CONEJOS COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

ASSETS, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE

Cash

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

All investments, if any, are recorded at fair market value.

Property Taxes

Property taxes attach as an enforceable lien on property as of January 1 each year. The taxes are payable in two installments on February 28 and June 15 or in full on April 30. The County Treasurer bills and collects all property taxes for the County. Property tax revenue is recognized by the County to the extent it results in a current receivable.

The 2020 property tax levy due January 1, 2021, has been recorded in the financial statements as a receivable and a corresponding deferred inflow of resources.

Receivables/Payables from Other County Funds

Balances that originate from current lending/borrowing arrangements between funds are referred to as "Due To/From Other Funds".

Inventories and Prepaid Items

Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory in the special revenue funds consists of expendable supplies held for use. Reported inventories are equally offset by a nonspendable fund balance, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. The inventory policy on government-wide statements is consistent with fund statements.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets, which include land, buildings and improvements, equipment, vehicles, construction in progress, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$5,000. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

Assets	Years
Buildings and Improvements	10-40
Equipment	5-15
Vehicles	5-7
Infrastructure	10-40

Long-Term Obligations

Long-term debt and other long-term obligations are recorded as liabilities in the government-wide financial statements. In the fund financial statements for governmental fund types, debt proceeds are reported as other financing sources and debt payments are reported as debt service expenditures.

Compensated Absences

County policy allows employees to accumulate unused vacation, comp time, and sick leave up to certain maximum hours. At December 31 of each year, unused vacation time over 150 hours is forfeited. Retiring employees are paid 100% of unused vacation and comp time. Sick time unused by retiring employees is paid 50% up to 240 hours. All vacation and sick leave pay is accrued when incurred in the government-wide financial statements. A liability is reported in governmental funds only if they have matured, for example as a result of employee resignations or retirements.

Unearned Revenue

Revenues on grants, which are restricted by the grant contract for specific purposes, are recognized as revenue only after eligible grant costs have been incurred. Grant funds received in excess of grant expenditures are recorded as unearned revenues.

Deferred Inflows of Resources

In addition to liabilities, the Statement of Net Position and the governmental funds Balance Sheet report a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time.

Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net position is displayed in the following three components:

- *Net investment in capital assets* – consists of capital assets, net accumulated depreciation, reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt should be included in this component of net position.
- *Restricted* – consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets consist of assets that have limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.
- *Unrestricted* – consists of the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

Fund Balance

Fund balances are reported by classification based on the extent to which the County is bound to honor constraints for the specific purposes on which amounts in the fund can be spent. Fund balances are classified in one of the following five categories:

- *Nonspendable Fund Balance* – amounts that cannot be spent because they are not in spendable form – such as inventory and prepaid expenditures.
- *Restricted Fund Balance* – amounts restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- *Committed Fund Balance* – amounts that can only be used for specific purposes as a result of constraints imposed through adopted resolution by the Board of County Commissioners, the highest level of decision making authority. Committed amounts cannot be used for any other purpose unless the Board removes those constraints by taking the same type of action. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- *Assigned Fund Balance* – amounts a government intends to use for a specific purpose; intent can be expressed by the Board of County Commissioners or by an official or body to which the governing body delegates the authority.
- *Unassigned Fund Balance* – amounts that are available for any purpose; these amounts are reported only in the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted net position/fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, and unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of County Commissioners has provided otherwise in its commitment or assignment actions.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications were made to fiscal year 2019 financial statements in order to conform to the fiscal year 2020 financial statement presentation.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgets and Budgetary Accounting

Conejos County follows the procedures set forth in the Colorado Local Government Budget Law when preparing the annual budget for each fund. Budget procedures include:

- Preparation of budget documents by administrative staff, which shall be submitted to the Board no later than October 15 of each year.

CONEJOS COUNTY, COLORADO
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2020

- Publication of a notice stating that the budget is available for public inspection.
- Discussion of the budget in a meeting open to the public.
- Adoption of the budget in a public meeting by appropriate resolution, no later than December 31.

Formal budgetary integration is employed as a management control device for all funds of the County. All budgets are adopted on a basis consistent with U.S. generally accepted accounting principles (GAAP).

The total expenditures for each fund cannot exceed the budgeted amount unless a supplemental appropriation is adopted. The Board of County Commissioners adopted supplemental appropriations during 2020.

All budget amounts presented in the accompanying supplementary information reflect the original budget and the final amended budget.

NOTE 3 CASH, DEPOSITS, AND INVESTMENTS

A summary of Cash, Deposits, and Investments for the County are as follow:

Cash on Hand	\$ 3,053
Cash Deposited in Banks	497,860
C-SAFE	651,701
ColoTrust	5,016,152
Other Investments	562,385
 Total Cash, Deposits, and Investments (Book Balance)	 6,731,151
Less: Amounts Related to Agency Fund	(250,175)
	\$ 6,480,976

Cash and Deposits

Colorado State Statutes govern the County's deposits of cash. The statutes specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance (FDIC) on deposits held.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized in accordance with the PDPA. PDPA allows the institution to create a single collateral pool for all public funds to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits. All deposits in 2020 were in eligible public depositories, as defined by the Public Deposit Protection Act of 1989.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the County’s deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. At December 31, 2020, \$883,821 was exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institutions through PDPA.

Investments

The County's investment policy and Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local government entities may invest. They include:

- Obligations of the United States and certain U.S. government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Local government investment pools
- Repurchase agreements
- Money market funds
- Guaranteed investments contracts
- Corporate or bank debt issued by eligible corporations or banks

Custodial Credit Risk - Investments

The County's investment policy calls for investment diversification within the portfolio to avoid unreasonable risks inherent in over investing in specific instruments, individual financial institutions or maturities. The policy allows for the investment in local government investment pools.

Interest Rate Risk

Colorado Revised Statutes and the County's investment policy limit investment maturities to five years or less from the date of purchase. This limit on investment maturities is a means of limiting exposure to fair values arising from increasing interest rates.

Fair Value

Fair value investments classified at Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Fair value investments classified as Level 2 of the fair value hierarchy are valued using the active market rates for the underlying securities. Fair value investments classified as Level 3 of the fair value hierarchy are valued using non-observable inputs.

The Colorado Government Liquid Asset Trust (ColoTrust) is an investment vehicle established for local government entities in Colorado pursuant to Part 7 of Article 75 of Title 24 of the Colorado Revised Statutes, to pool surplus funds for investment purposes. ColoTrust operates similarly to a money market fund and each share is equal in value to \$1.00. The fair value of the position in the pool is the same as the value of the pool shares. The designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned by the pool are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the pool. Investments of the pools consist of U.S. Treasury bills, notes and note strips and repurchase agreements collateralized by U.S. Treasury Notes. ColoTrust is rated AAAM by Standard & Poor's.

The Colorado Surplus Asset Fund Trust (C-SAFE) investments are valued using the net asset value per share (or its equivalent) of the investments. The investments do not have any unfunded commitments, redemption restrictions, redemption notice periods or withdrawal restrictions. CSAFE investments conform to Colorado Statutes CRS 24-75-601 et. seq. and therefore invests primarily in securities of the United States Treasury, United States Agencies, Primary Dealer Repurchase Agreements, highly rated commercial paper, highly rated corporate bonds, Colorado

NOTE 6 INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund Receivables/Payables

The County reports interfund balances between many of its funds. The balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Interfund balance are generally expected to be repaid within one year of the financial statement date.

NOTE 9 OPERATING LEASES

The County is committed under various leases for office equipment and software. These leases are considered operating leases for accounting purposes. Lease expenses for the year totaled \$48,709.

NOTE 10 RETIREMENT

Pension Plans

All eligible employees, participate in the Colorado County Officials and Employees Retirement Association (CCOERA) (the Plan), a defined contribution plan, authorized by state statute. The Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Employees are eligible after completing twelve months of service with the County, and participation is mandatory after one year of employment. Employee and employer contributions are 100% vested immediately upon employee participation in the plan.

The County must contribute 4% of the compensation of each participant. Each participant contributes a minimum amount equal to the County's contribution, and is permitted to make additional contributions not to exceed 10% of their compensation. For the year ended December 31, 2020, employee contributions totaled \$125,662 and the County recognized pension expense of \$125,662. The County recognized \$4,203 of forfeitures in retirement expense during 2020.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. The Plan may be amended by resolution of the Board of County Commissioners but it may not be amended beyond the limits established by state statute.

Deferred Compensation Plan

The County also offers its employees an additional voluntary deferred compensation plan created in accordance with Internal Revenue Code 457(f), administered by Colorado County Officials and Employees Retirement Association (CCOERA) (the Plan).

The Plan permits the employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergencies. The County has no other liability other than to make the required monthly contribution.

NOTE 11 COLORADO CONTRABAND FORFEITURE ACT

We have reviewed financial activity in the Sheriff's Department for compliance with the above referenced act. There were no sales of contraband during the year ended December 31, 2020.

NOTE 12 TABOR AMENDMENT RESERVE

Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments. The amendment is complex and subject to judicial interpretation. The County believes it is in compliance with the requirements of the amendment.

Fiscal year spending and revenue limits are determined based on the prior year's spending adjusted for inflation and local growth. The voters of the County have approved a measure that allows the County to retain and spend revenue in excess of the limit.

The amendment also requires that emergency reserves be established. These reserves must be at least three percent of fiscal year spending. The emergency reserve has been presented as restricted fund balance/net position in the financial statements. The County is not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

NOTE 13 RISK MANAGEMENT

Colorado Counties Casualty and Property Pool (CAPP)

The County is exposed to various risks of loss related to property and casualty losses. The County joined together with other counties in the State of Colorado to form the Colorado Counties Casualty and Property Pool (CAPP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CAPP for its property and casualty insurance coverage. The inter-governmental agreement of formation of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

At December 31, 2020, CAPP had assets of \$22,392,071, liabilities of \$10,318,455 (including \$8,858,403 reserved for losses and claims), and members' equity of \$12,073,616. The liability amount includes no long-term debt. Total revenues for the year ended December 31, 2020, amounted to \$8,582,801 and total expenses were \$7,702,367 resulting in net income before return of surplus of \$880,434.

Colorado Workers' Compensation Pool (CWCP)

The County is exposed to various risks of loss related to injuries of employees while on the job. The County has joined together with other counties in the State of Colorado to form the Colorado Workers' Compensation Pool (CWCP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CWCP for its workers' compensation insurance coverage. The intergovernmental agreement of formation of CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention

that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

At December 31, 2020, CWCP had assets of \$48,084,671, liabilities of \$27,181,859 (including \$25,249,871 reserved for losses and claims) and members' equity of \$20,902,812. The liability amount includes no long-term debt. Total revenues for the year ended December 31, 2020, amounted to \$12,426,724 total expenses were \$8,102,764 resulting in net income before return of surplus of \$4,323,960.

NOTE 14 COMMITMENTS AND CONTINGENCIES

Grant Programs

The County participates in a number of federal and state grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The amount of expenditures, if any, which may be disallowed by the granting agencies, cannot be determined at this time although the County expects any such amounts to be immaterial.

Single Entry Point Program

In 2020, the Colorado Department of Health Care Policy and Financing ended the Single Entry Point Program. The County is required to pay back \$140,016 to close out the program. This amount is recorded as accounts payable in the Public Health Fund and was paid in June 2021.

Litigation

The County is a party to various legal actions normally associated with governmental activities, aggregate effect, which in management's and legal counsel's opinion, would not be material to the financial statements.

Insurance Pools

The County is a member of the Colorado Counties Casualty and Property Pool (CAPP) and the Colorado Workers' Compensation Pool (CWCP). CAPP and CWCP have a legal obligation for claims against its members to the extent that funds are available in their annually established loss funds and amounts are available from insurance providers under excess specific and aggregate insurance contracts. Losses incurred in excess of loss funds are direct liabilities of the participating members. CAPP and CWCP have indicated that the amount of any excess losses would be billed to members in proportion to their contributions in the year such excess occurs. The ultimate liability to the County resulting from claims not covered by CAPP and CWCP is not presently determinable.

COVID-19

In March of 2020, the COVID-19 virus was declared a global pandemic. Business continuity throughout the County could be severely impacted for months or more, as significant and unprecedented measures to mitigate the consequences of the pandemic are undertaken. The County has received Coronavirus Aid, Relief, and Economic Security (CARES) Act funding in 2020, and American Rescue Plan Act (ARPA) in 2021 to mitigate some of the costs/losses incurred as a result of the pandemic. However, no adjustments have been made to these financial statements as additional impact is unknown at this time.

CONEJOS COUNTY, COLORADO
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended December 31, 2020

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Conejos County, Colorado under programs of the federal government for the year ended December 31, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Conejos County, Colorado, it is not intended to and does not present the financial position, changes in net position, or cash flows of Conejos County, Colorado.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, except for funds passed-through the Colorado Department of Human Services and Department of Public Health and Environment. These funds are reported on the cash basis. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through identifying numbers are presented where available. The County did not elect to use the 10-percent de minimis indirect cost rate as allowed under Uniform Guidance for the year ended December 31, 2020.

NOTE 3 FOOD DISTRIBUTION

Nonmonetary assistance is reported in the Schedule at the fair market value of commodities received and disbursed.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Wall,
Smith,
Bateman Inc.

To the Board of County Commissioners
Conejos County, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Conejos County, Colorado (the County), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated September 9, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be a material weakness. Finding 2020-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The

results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

County's Response to Finding

The County's response to the finding identified in our audit are described in the accompanying corrective action plan. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

We have audited Conejos County, Colorado's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, Conejos County, Colorado, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

Report on Internal Control Over Compliance

Management of the County, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended December 31, 2020

Section II – Financial Statement Findings

Finding 2020-001: Internal Control over Financial Reporting
(Repeat of Finding 2019-001, 2018-001, 2017-001, 2016-001, 2015-001, 2014-001, 2013-001 and 12-1)

Type of finding: Internal Control (material weakness)

Criteria: A system of internal controls includes the design, documentation, and monitoring of control activities over the application of accounting principles, financial statement preparation and grant management.

Condition: The County’s system of internal controls did not prevent or detect and correct financial misstatements.

Cause: The County did not complete monthly reconciliations of general ledger accounts and properly track grant activity. Year-end reconciliation procedures included journal entries to fix ending balances without properly identifying and reconciling the differences.

Effect: Additional investigation and reconciliation procedures were performed during the audit. Audit adjustments were proposed to properly state the County financial statements as of December 31, 2020, in accordance with generally accepted accounting principles.

Recommendation: The County finance department should strengthen its internal controls with adopted policies and procedures regarding monthly and year-end financial close accounting and continue to strengthen reconciliation and monitoring processes over grant activity.

Management’s Response: See corrective action plan.

Section III – Federal Award Findings and Questioned Costs

None

CORRECTIVE ACTION PLAN

Oversight Agency - U.S. Department of Health and Human Services

Conejos County, Colorado respectfully submits the following corrective action plan for the year ended December 31, 2020.

Independent Accountants: Wall, Smith, Bateman Inc.
Certified Public Accountants
3001 Adcock Circle, P.O. Box 809
Alamosa, CO 81101

Audit period: Year ended December 31, 2020

The findings from the December 31, 2020 schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule. Section I of the schedule, Summary of Auditors' Results, does not include findings and is not addressed.

Section II – Financial Statement Findings

Finding 2020-001: Internal Control over Financial Reporting
(Repeat of Findings 2019-001, 2018-001, 2017-001, 2016-001, 2015-001, 2014-001, 2013-001, and 12-1)

Type of finding: Internal Control (material weakness)

Recommendation: The County finance department should strengthen its internal controls with adopted policies and procedures regarding monthly and year-end financial close accounting and continue to strengthen reconciliation and monitoring processes over grant activity.

Action Taken: Upon completion of the bank reconciliation for the month, the accountant will review each account ledger for accuracy and correctness and make needed corrections. An annual review of each ledger account will take place when the county budget is prepared.

Grant/contract proposals will go before the Board of County Commissioners and put in the minutes. A complete copy of the grant/contract awarded to the County will be given to the County's accountant, who will notify the A/P Clerk and the County Treasurer by E-Mail. The Treasurer will make a revenue line item within the fund and the A/P clerk will create a revenue and expenditure line item in the ledgers to account for all revenues and expenditures of the grant. Each grant/contract will be assigned to an individual for monitoring purposes and revenue and expenditures will be reconciled by the accountant making any necessary changes.

If the U.S. Department of Health and Human Services have questions regarding this plan, please call the responsible party listed below.

Sincerely yours,

Tressesa Martinez
County Administrator
